

UL Auckland Laboratory Formal Opening

Tuesday 02 April 2019

UL cordially invite you to the formal opening of our new Auckland laboratory. The old laboratory building has been subject to a complete refit and we are proud to extend a welcome to our new, modern facility.

Due to space constraints within the working areas of the laboratory, the hospitality aspects of this event will take place at QBE Stadium (formerly North Harbour Stadium) where our regional leadership team will be joined by visiting UL executives in sharing an overview of what UL is doing today from a regional and global perspective, together with some specific topics of local interest.

Event registration and presentations commence at 09.30 am, with an informal luncheon being served from midday.

Transport will be provided between QBE Stadium and the UL laboratory for laboratory tours and demonstrations from midday.

Laboratory Tours and Demonstrations

In order to make tours and demonstrations meaningful, small groups will be escorted through the laboratory after lunch.

Groups will be filled on a “first come” basis and selection of preferred tour times will be available at QBE Stadium on the morning of the event.

Transport between QBE Stadium and the UL Auckland Laboratory will be provided.

UL staff will be available for individual or group discussion on topics of interest with those guests who are waiting for, or have completed, a laboratory tour.
